Re: Target Unemployment Status Granted Solar Max

To Whom It May Concern:

We have received a request for an EB5 project supporting letter under California's Special Targeted Employment Area (Special TEA) methodology in connection with the United States Citizenship and Immigration Services EB-5 Investment Immigration program.

The request has been received from **Solar Max Technologies, Inc.** with respect to a new business or project named at the address of **3080 12th St, Riverside, CA 92507**, County of Riverside, California.

We, the **Riverside County, Economic Development Agency**, concur that the project will draw employment from the list of contiguous Census Tracts provided. The table of census tracts and map of the project area provided by the requester are attached.

Solar Max has created two hundred and fifty direct jobs and has placed its headquarters and plant in a high unemployment area. They have invested multimillions of dollars in this brownfield building.

Sincerely,

Thomas L. Freeman, Commissioner  
**Office of Foreign Trade**  
EDA-Riverside County, CA  
951.955.9672

SolarMax is located in Census Tract 304.  
The following are the contiguous Census Tracts.

305.01  
305.03
